Student Services & Academic Advising

The iSchool's Student Services office, located in 114 Hinds Hall is here to assist iSchool students to reach their full potential. It contains the offices of Academic Advising and Career Services.

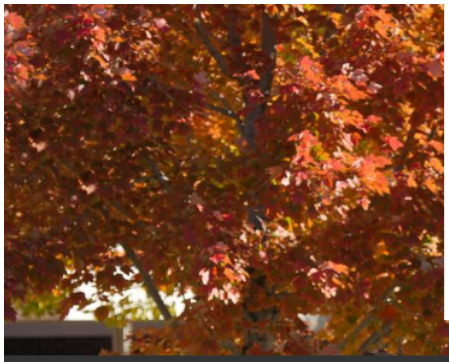

The advising staff will be your best resource as you figure out your academic career at Syracuse, to decide what classes you can take, how to get involved in the iSchool community, and how to schedule your classes in order to graduate on time.

Our team of academic advisors and program managers work in conjunction with your faculty advisor to ensure you stay on track with your course of study at the iSchool. In addition, the Student Services Office oversees all of the iSchool student organizations and can assist you with any room requests or event planning.

We have an open door policy and see students on a first come, first served basis. So please come in to see us and take advantage of all the great things our Student Services Office has to offer. We look forward to seeing you soon!
