University Leadership

University Leadership

- Board of Trustees
- Chancellor's Executive Team
- Chancellor's Council
- University Leadership Team
- Previous Chancellors

Upon his inauguration, Chancellor Syverud installed three different leadership units: the Chancellor's Executive Team, the Chancellor's Council and the University Leadership Team. All three units meet regularly to communicate, engage with, and enhance the goals of One University. Members of each team work independently and collaboratively to foster the growth of students, faculty and staff at Syracuse University and to implement the Academic Strategic Plan.
